"Brandy's Tool and Supply is an authorized franchisee group with Snap-On Tools that services a large portion of Central Wisconsin. Based out of Medford, we have been in business since 2019 and provide the highest quality tools, and highest quality service weekly to the area's industrial, agricultural, automotive and truck repair businesses. Since my start, I have been banking with AbbyBank and John Seal, my Loan Officer. I couldn't be happier with the competitive rates offered, and the flexible options they have for financing growth. I have recently used AbbyBank for the expansion into a second franchise, and plan to use them for the foreseeable future when we look to expand and continue to grow our service area. Thank you AbbyBank for the faith you have in seeing my business grow as well as your own!"
