"We love banking with AbbyBank because of the personalized, hands-on support we've received from their Abbotsford team. Karla, our business banker, and Chuck, our commercial lender, worked together seamlessly to help get our business off the ground. Their teamwork and efficiency ensured we secured our loan quickly, which was crucial for building our new facility. What truly sets AbbyBank apart is their commitment to convenience and customer service. They even came out to our job site, so we didn't have to interrupt our work on the buildings."
